Gary – Last week I actually took a few days off. Is the offer still open prior to demobilization this Friday, 6/12?

Hello All:

EPA is expected to complete its actions and demobed by 6/12/15. My last day on-site will be this Thursday, 6/4/15 and a co-worker is expected to finish up the disposal (1 vac box, 1 frac tank, 2 roll-off boxes). I would like to give you guys a tour of the site prior to my departure on Thursday. If you are interested, please give me a call so we can set this up as I will be leaving the site periodically to pick up materials. I appreciate all of your assistance on this cleanup.

Thanks
